## Summer Trail Etiquette

May 1 – November 30

- Pets must be leashed and under control while in Provincial Recreation Area
- Learn to use and carry bear spray
- Practice safety to protect yourself, others and pets from wildlife and weather
- Carry a communications device and a map
- Let someone know where you are hiking and when you plan to return
- Leave your campsite clean and secure e.g. no attractants for wildlife such as food, grey water, garbage, or pet food.
